LISCR appoints new Operations Manager in Tokyo

THE Liberian International Ship & Corporate Registry (LISCR), the US-based manager of the Liberian Registry, has appointed Nobuyuki Kanesaka as Operations Manager in its dedicated Tokyo office, in succession to Capt Yoshiyama.

Nobuyuki Kanesaka joins LISCR from Germanischer Lloyd, where his responsibilities included in-fleet surveys and newbuilding supervision. He is a qualified marine engineer with over thirteen years of seagoing experience and he has also been a guarantee and superintendent engineer with a leading Japanese shipyard. In addition, he is also a fully qualified ISO, ISM and ISPS auditor.

Mr Kanesaka says, "I am excited about the new challenge offered to me by the Liberian Registry. I believe my industry experience will help the registry to maintain the local quality service it provides to Japanese shipowners."

LISCR Chief Operating Officer Scott Bergeron says, "Japan is one of the world's largest shipowning nations, respected internationally for its high standards. It is a very important and growing market for Liberia, with strong historical origins. We are delighted to welcome Nobuyuki Kanesaka to our Tokyo office, and are very confident that he has the skills and experience to further develop and strengthen our Japanese team".

- The Liberian Registry is one of the world's largest and most active shipping registers, with a long-established track record of combining the highest standards for vessels and crews with the highest standards of responsive service to owners. It has recently surpassed all-time tonnage records, with over 3,300 ships, aggregating more than 106m gross tons, currently registered.
