

Liberia's Container Fleet

- Flag of choice for container vessels
- MoU white listed
- Reduced China port dues

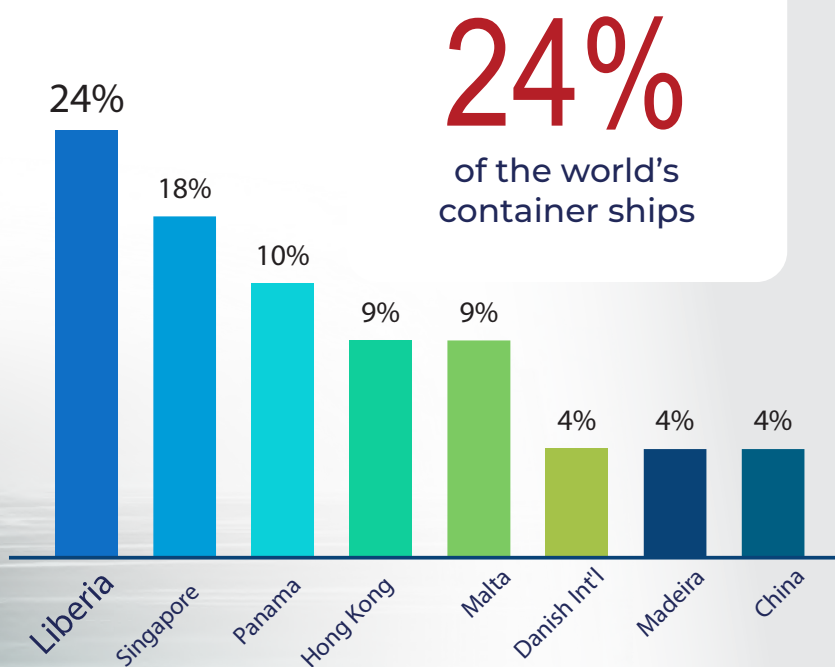

ALL FLAGS ARE NOT ALIKE

The World's Largest Container Flag

Liberia has the largest container ship fleet, with over 24% of the world's container ships.

Due to the outstanding level of experience and technical background of its staff, Liberia has traditionally been considered "the Container Flag." In the largest container markets, such as Germany and Greece, Liberia not only maintains the largest market share, but continues to grow at a rapid pace.

Market Share, World Container Fleet (GT)

Liberia's Container Fleet

The Liberian Flag Advantage:

- Specialized services for container vessels administered by industry experts with backgrounds in container operation, vetting, and Port State compliance
- Intimately familiar with container vessel regulatory requirements and ensuring compliance without incurring significant costs
- Cooperation with the International Chamber of Shipping, the World Shipping Council, and other associations representing shipowners
- White listed in every major MoU and USCG QUALSHIP 21 certified.
- Global network of self-supporting offices and more than 550 auditors and inspectors ensure prompt service 24 hours, 7 days a week
- Focus on incorporating new technologies to ensure safety, alleviate administrative burdens, and reduce costs
- Liberia – China Maritime Agreement reduces port dues by 28%, resulting in annual savings of up to and over \$100,000 depending on vessel size
