MARINE ADVISORY: 14/2019

Subject: Tokyo and Paris MoUs Concentrated Inspection Campaign (CIC) - Additional Guidance

Reference: (a) MARINE ADVISORY: 09/2019
(b) MARINE ADVISORY: 11/2019

Dear Shipowner/Operator/Master's:

This Advisory is a reminder of the 2019 Paris and Tokyo MoU Concentrated Inspection Campaign (CIC) on "Emergency Systems and Procedures" that began 01 September 2019 and ends 30 November 2019 and provides additional guidance on preparations. The following additional PSC MOUs will also be participating in the CIC: Black Sea, Indian Ocean, Mediterranean, Paris, Tokyo, Riyadh and Viña del Mar.

The enclosed document was prepared by the International Chamber of Shipping (ICS) and provides helpful guidance to assist Owners, Operators and Master's in preparing for the CIC. The Administration encourages review of the guidance in preparation of port State control boarding's.

A recent ship detention in Australia, due to defective reserve source of power for a MF radio, illustrates the thoroughness that some PSC authorities are implementing the CIC.

Please contact the Safety Department at safety@liscr.com if you have any questions.

Enclosure: International Chamber of Shipping - Information and guidance to assist with preparations for the Concentrated Inspection Campaign (CIC) on "Emergency Systems and Procedures".
