Marine Advisory: 07/2025

(Supersedes Marine Advisory 06/2019)

Subject: Bribery and Corruption Reporting

Dear Vessel Owner/Operator/Master:

The purpose of this Advisory is to inform owners, operators and Masters of the platform for anonymously reporting incidents of bribery and corrupt practices experienced during port operations and provide guidance on the submission of reports. The Liberian Administration is an associate member of the Maritime Anti-Corruption Network (MACN), a global business network of members who work towards the elimination of all forms of maritime bribery and corruption by raising awareness of the challenges faced, implementing anti-corruption principles, collaborating with governments, and creating a culture of integrity within the maritime community.

To raise awareness and help in the fight against maritime bribery and corruption, the Liberian Administration encourages an efficient and anonymous means for Liberian vessel owners, operators, and Masters to submit information regarding cases of illegal demands, facilitation payment requests, and/or other corrupt practices during port calls. This platform allows the identification of areas of high risk and notifies vessel owners, operators, and Masters about possible risks at ports.

Reporting Process:

The MACN Anonymous Reporting System records bribery and corruption challenges faced in the maritime industry. Reports can be submitted via [Bribery and Corruption Reporting](#). Please note, reports are anonymous.

For submitting additional, or more detailed information, please contact LISCR's Investigations Department at Investigations@liscr.com.
