EXPLANATION OF ADDITIONAL REGISTRATION REQUIREMENTS

1. **VESSEL OWNERSHIP** - A vessel registered in Liberia must be owned by a Liberian corporation, registered business company, limited partnership or LLC, or by a Foreign Maritime Entity (FME) (an entity existing in another jurisdiction and registered in Liberia for the purpose of owning or operating a vessel).

Please note that before any documents, in particular mortgage documents, are prepared, the availability of the name of the owning entity (whether the vessel is to be registered with a Liberian corporation, etc. as owner or with a foreign entity registered as a foreign maritime entity as owner) should be ascertained. The Registry is not able to accept two entities of any kind with the same or a very similar name.

In order to ensure the prompt registration of a vessel under the Liberian Flag, it is advisable to complete the registration of a ship-owning entity (whether Liberian or FME) at least three (3) days prior to scheduled registration of the vessel. LISCR's Corporate Department can be contacted at corporate@liscr.com

2. One (1) duly executed and acknowledged original Application for Waiver of Ownership must be submitted for a ship owning entity filed as FME (use form RLM 101A); and
3. One (1) duly executed and acknowledged original Affidavit of Non-Registration must be submitted in the event there is a gap in time between the date the vessel deleted from the previous Flag Administration and the date it registers in the Liberian Registry.

Note: In case of any changes in closing date, owner must ensure that P&I proof, BCLC and CLC Blue Cards remain valid and cover the vessel as of the new registration date.
